By accepting the conditions of the HCP, as indicated by the signature(s) affixed below, a person/company will be afforded protection from prosecution for violations of the Endangered Species Act (ESA) when conducting development activities in Utah prairie dog habitat. I, _____ accept the conditions for development as outlined in the Iron

County HCP and, therefore, agree to participate in the HCP. I understand that, as long as I abide by the conditions of the HCP, including, but not limited to, surveys, take authorizations and clearance requirements, I will have protection from prosecution under ESA in connection with my development activities. I further understand that if I/my company or anyone under contract/employ or direction associated with my activities under the HCP permit fail to adhere to such conditions, I may not only be liable for violations of the ESA but may be subject to revocation of take authorization, additional fees, penalties and delays as deemed appropriate.

I, _____ do not accept the conditions for development as outlined in the
(Print Name)

Iron County HCP and, therefore, do not wish to participate in the HCP. By choosing not to participate in the HCP, I acknowledge that:

- I understand that the subject property may be located within a Utah prairie dog clearance area and may have Utah prairie dogs thereon;
- I understand that development of Utah prairie dog habitat by me/my company/or anyone under contract/employ or direction will be at their own peril and will not be afforded protection under the Permit issued to Iron County;
- I understand that it will be my responsibility to develop my own Utah prairie dog HCP for the subject property;
- I understand that by failing to complete an HCP for the subject property, and not receiving a Permit, I will not be afforded protection from prosecution under the ESA for violations I/my company/or anyone under such direction may commit during development; and
- I understand that by choosing to develop my own HCP, I will be delaying my/my company's development activities by a minimum of 120 days (the time necessary to process an application

for a Permit) with no guarantee that a Permit will be issued to me/my company upon completion of my own HCP.
